

$$a + b + c = 180^\circ$$

A diagram showing two adjacent angles, "a" and "b", forming a straight line. Below the diagram is the equation $a + b = 180^\circ$.

A diagram showing two adjacent angles, "a" and "b", forming a straight line. Below the diagram is the equation $a + b = 180^\circ$, which is crossed out with a diagonal line.
