Course: \_\_\_\_\_ Period: \_\_\_\_\_

**Read your syllabus in full, then *initial* the following items as you have completed and understand them, accepting the challenges and responsibilities of this class in order to achieve your greatest academic potential.**

\_\_\_\_\_ I have read the syllabus for the course listed above and understand the expectations of the class. I either do not have any unanswered questions about the syllabus or have asked them prior to signing this document. I will keep the syllabus in the front of my notebook and use it as a guide throughout the year.

\_\_\_\_\_ I have created a Khan Academy account and/or have logged in and gone to [khanacademy.org/coaches](https://khanacademy.org/coaches) (or clicked the “coaches” tab from my profile) and entered the coach code specific to this course, as listed at the top of my syllabus. I have my log-in information written down somewhere safe so that I can easily recover it. I know to check Khan Academy daily for new assignments, which could take the form of videos to watch, articles to read, or exercises to work. I will seek mastery of topics in the appropriate mission to help me review throughout the term and reinforce my knowledge.

\_\_\_\_\_ I have created a Turnitin.com account and/or logged in, clicked on “Enroll in a class” and entered the numeric class ID and case-sensitive password listed at the top of my syllabus. I have my log-in information written down somewhere safe so that I can easily recover it. I know not to wait until the last minute to submit assignments using this platform, and instead will submit them early to take advantage of the excellent revision tools and tips this resource provides, including grammar and plagiarism checks.

\_\_\_\_\_ I understand that the final grade for this course will be determined by total points earned on all assignments out of total points possible, with tests and/or large assignments worth 100 points each, the final exam or project worth 200 points, and homework, quizzes and other assignments varying from 5 to 50 points in value.

\_\_\_\_\_ I know to arrange for make-ups before I miss class and acknowledge that generally make-ups will be more difficult than the original assignment. I also understand that on a third unexcused absence or a 6<sup>th</sup> total absence I may be withdrawn from the class. I also understand that in case of absence, it is my responsibility to get any notes or materials I may have missed in a timely manner so that I do not fall behind.

\_\_\_\_\_ I understand the importance of organization and reflection, and will keep an organized notebook specific to this course that will be submitted for regular notebook checks, typically on test days. I will be diligent about writing the date on any notes I take or problems that I work, and will clearly label the title and number of the textbook section or Khan Academy lesson that any problem sets come from at the top of the page, so that they can easily be referred back to for questions, review, and/or submission.
